

MEETING: Choctaw Creek and Davenport
Road Flood Mitigation Project
DATE OF MEETING: November 12, 2026
LOCATION: Grayson County Courthouse –
Assembly Room on 2nd Floor
TIME: 6:30-7:30 PM

PUBLIC MEETING NOTICE

The public is invited to attend a public meeting to learn about the Texas Water Development Board's program studying proposed flood mitigation solutions for flooding along Choctaw Creek at Davenport Road in Grayson County. This project is designed to reduce flood risk and improve stormwater management where Choctaw Creek crosses Luella Road and for residences along Davenport Road.

Project team members will provide an overview of the project, discuss anticipated benefits and next steps, and receive public comments and questions.

For additional information, please contact:
